

## K-12 IEP-Aligned Math Support — 5-Day Lesson Plan

**GRADE LEVEL**

K-12

**SUBJECT**

IEP-Aligned Math Support

**WEEK OF**

\_\_\_\_\_

### Unit Overview

This 5-day IEP-Aligned Math Support plan covers concrete-representational-abstract progression for basic operations for K-12 students, aligned to IEP goal alignment: computation accuracy and problem solving.

### Standards Alignment

IEP goal alignment: computation accuracy and problem solving

### Global Standards Mapping

**United States:**

IEP goal alignment: computation accuracy and problem solving

**United Kingdom:**

Key Stages 1–5 (cross-phase)

**Australia / NZ:**

Foundation–Year 12 (AC v9.0)

**IB Programme:**

PYP / MYP / DP — full continuum

**Canada (Ontario):**

Ontario K–12 (cross-grade)

**Singapore / India:**

MOE Primary–JC · CBSE Classes 1–12

*EU/EEA note: EU/EEA: GDPR-compliant — no student PII collected; teacher use only*

### Companion Student Handout — ready to photocopy

Each lesson plan ships with a separate "Student Edition" PDF — daily I-can goals, vocabulary blanks, work space, and exit-ticket boxes. No teacher prep. Print and hand out.

# Day 1

K-12 IEP-Aligned Math Support — 5-Day Lesson Plan

## Learning Objective

Students will engage with concrete-representational-abstract progression for basic operations at a K-12 level — day 1 focus area.

## Standards Alignment

IEP goal alignment: computation accuracy and problem solving

## Materials Needed

- Whiteboard
- Student notebooks
- Subject-specific handouts (provided)
- Anchor chart paper

## Lesson Flow

### Opening / Hook (5-10 min):

5 min — Open with a quick warm-up tied to concrete-representational-abstract progression for basic operations; ask: "What do you already know?"

### Direct Instruction (15-20 min):

15 min — Introduce the day's concept with a worked example on the board.

### Guided Practice (10-15 min):

10 min — Work through 2-3 problems together, students at desks responding.

### Independent Practice (10-15 min):

10 min — Students complete the practice handout at their own pace.

### Closing / Exit Ticket (5 min):

5 min — Exit ticket: students write one sentence summarizing today's learning.

## Differentiation

### For struggling learners:

Provide a partially-completed example to model the process step-by-step.

### For advanced learners:

Offer an extension problem that requires applying the concept to a new context.

### For ELL students:

Pre-teach 3-5 key vocabulary terms with visuals; provide a sentence frame.

### For IEP students:

Reduce problem count by half; allow extended time and oral-response option.

# Day 2

K-12 IEP-Aligned Math Support — 5-Day Lesson Plan

## Learning Objective

Students will engage with concrete-representational-abstract progression for basic operations at a K-12 level — day 2 focus area.

## Standards Alignment

IEP goal alignment: computation accuracy and problem solving

## Materials Needed

- Whiteboard
- Student notebooks
- Subject-specific handouts (provided)
- Anchor chart paper

## Lesson Flow

### Opening / Hook (5-10 min):

6 min — Open with a quick warm-up tied to concrete-representational-abstract progression for basic operations; ask: "What do you already know?"

### Direct Instruction (15-20 min):

20 min — Introduce the day's concept with a worked example on the board.

### Guided Practice (10-15 min):

15 min — Work through 2-3 problems together, students at desks responding.

### Independent Practice (10-15 min):

15 min — Students complete the practice handout at their own pace.

### Closing / Exit Ticket (5 min):

5 min — Exit ticket: students write one sentence summarizing today's learning.

## Differentiation

### For struggling learners:

Provide a partially-completed example to model the process step-by-step.

### For advanced learners:

Offer an extension problem that requires applying the concept to a new context.

### For ELL students:

Pre-teach 3-5 key vocabulary terms with visuals; provide a sentence frame.

### For IEP students:

Reduce problem count by half; allow extended time and oral-response option.

# Day 3

K-12 IEP-Aligned Math Support — 5-Day Lesson Plan

## Learning Objective

Students will engage with concrete-representational-abstract progression for basic operations at a K-12 level — day 3 focus area.

## Standards Alignment

IEP goal alignment: computation accuracy and problem solving

## Materials Needed

- Whiteboard
- Student notebooks
- Subject-specific handouts (provided)
- Anchor chart paper

## Lesson Flow

### Opening / Hook (5-10 min):

7 min — Open with a quick warm-up tied to concrete-representational-abstract progression for basic operations; ask: "What do you already know?"

### Direct Instruction (15-20 min):

15 min — Introduce the day's concept with a worked example on the board.

### Guided Practice (10-15 min):

10 min — Work through 2-3 problems together, students at desks responding.

### Independent Practice (10-15 min):

10 min — Students complete the practice handout at their own pace.

### Closing / Exit Ticket (5 min):

5 min — Exit ticket: students write one sentence summarizing today's learning.

## Differentiation

### For struggling learners:

Provide a partially-completed example to model the process step-by-step.

### For advanced learners:

Offer an extension problem that requires applying the concept to a new context.

### For ELL students:

Pre-teach 3-5 key vocabulary terms with visuals; provide a sentence frame.

### For IEP students:

Reduce problem count by half; allow extended time and oral-response option.

# Day 4

K-12 IEP-Aligned Math Support — 5-Day Lesson Plan

## Learning Objective

Students will engage with concrete-representational-abstract progression for basic operations at a K-12 level — day 4 focus area.

## Standards Alignment

IEP goal alignment: computation accuracy and problem solving

## Materials Needed

- Whiteboard
- Student notebooks
- Subject-specific handouts (provided)
- Anchor chart paper

## Lesson Flow

### Opening / Hook (5-10 min):

8 min — Open with a quick warm-up tied to concrete-representational-abstract progression for basic operations; ask: "What do you already know?"

### Direct Instruction (15-20 min):

20 min — Introduce the day's concept with a worked example on the board.

### Guided Practice (10-15 min):

15 min — Work through 2-3 problems together, students at desks responding.

### Independent Practice (10-15 min):

15 min — Students complete the practice handout at their own pace.

### Closing / Exit Ticket (5 min):

5 min — Exit ticket: students write one sentence summarizing today's learning.

## Differentiation

### For struggling learners:

Provide a partially-completed example to model the process step-by-step.

### For advanced learners:

Offer an extension problem that requires applying the concept to a new context.

### For ELL students:

Pre-teach 3-5 key vocabulary terms with visuals; provide a sentence frame.

### For IEP students:

Reduce problem count by half; allow extended time and oral-response option.

# Day 5

K-12 IEP-Aligned Math Support — 5-Day Lesson Plan

## Learning Objective

Students will engage with concrete-representational-abstract progression for basic operations at a K-12 level — day 5 focus area.

## Standards Alignment

IEP goal alignment: computation accuracy and problem solving

## Materials Needed

- Whiteboard
- Student notebooks
- Subject-specific handouts (provided)
- Anchor chart paper

## Lesson Flow

### Opening / Hook (5-10 min):

9 min — Open with a quick warm-up tied to concrete-representational-abstract progression for basic operations; ask: "What do you already know?"

### Direct Instruction (15-20 min):

15 min — Introduce the day's concept with a worked example on the board.

### Guided Practice (10-15 min):

10 min — Work through 2-3 problems together, students at desks responding.

### Independent Practice (10-15 min):

10 min — Students complete the practice handout at their own pace.

### Closing / Exit Ticket (5 min):

5 min — Exit ticket: students write one sentence summarizing today's learning.

## Differentiation

### For struggling learners:

Provide a partially-completed example to model the process step-by-step.

### For advanced learners:

Offer an extension problem that requires applying the concept to a new context.

### For ELL students:

Pre-teach 3-5 key vocabulary terms with visuals; provide a sentence frame.

### For IEP students:

Reduce problem count by half; allow extended time and oral-response option.
